Background

The IRS and the Treasury Department did not receive written comments from the public during the prescribed comment period and no public hearing was requested or held. This Treasury decision adopts the proposed regulation (REG–137573–07) with the changes discussed in this preamble. In addition, this Treasury decision revises the temporary regulation, §1.1502–13T.

Summary of Comments and Explanation of Revisions

Finalization of 2008 temporary regulations.

The 2008 temporary regulations concern the treatment of certain intercompany gain with respect to consolidated group member stock. Section 1.1502–13 provides rules governing the timing and characterization of items resulting from transactions between consolidated group members. Section 1.1502–13(c) provides general rules under which the timing and character of those items can be deferred or recharacterized to clearly reflect the taxable income (and tax liability) of the group as a whole. These rules generally apply a “matching” principle under which the timing of inclusion of gain on the sale of property by the seller (S) is linked to the buyer’s (B) recovery of its basis in the property and S and B’s characterization are subject to redetermination in order to treat S and B as divisions of a single corporation.
