

euro paid-in capital shall equal the product of the legacy currency amounts of these items multiplied by the applicable conversion rate. The foreign income taxes and accumulated profits or deficits in accumulated profits of a foreign corporation that were maintained in foreign currency for purposes of section 902 and that are attributable to taxable years of the foreign corporation beginning before January 1, 1987, also shall be translated into the euro at the conversion rate.

(d) *Treatment of legacy currency section 988 transactions with respect to a QBU that has the euro as its functional currency*—(1) *In general.* This §1.985–8(d) applies to a QBU that has the euro as its functional currency and that holds a section 988 transaction denominated in, or determined by reference to, a currency that is substituted by the euro. For example, this paragraph (d) will apply to a German QBU with the euro as its functional currency if the QBU is holding Country X currency or other section 988 transactions denominated in such currency on the day in the year 2005 when the euro is substituted for the Country X currency.

(2) *Principles of paragraph (c)(3) of this section shall apply.* With respect to a QBU described in paragraph (d) of this section, the principles of paragraph (c)(3) of this section shall apply. For example, if a German QBU with the euro as its functional currency is holding a Country X currency denominated debt instrument on the day in the year 2005 when the euro is substituted for the Country X currency, the instrument shall continue to be treated as a section 988 transaction pursuant to the principles of paragraph (c)(3)(i) of this section. However, if such QBU holds Country X currency, the QBU shall take into account any unrealized exchange gain or loss pursuant to the principles of paragraph (c)(3)(iii) of this section as if the currency was disposed of on the day prior to the day the euro is substituted for the Country X currency. Similarly, if the QBU makes an election under the principles of paragraph (c)(3)(iv) of this section,

the QBU shall take into account for all purposes of the Internal Revenue Code the amount of any unrealized exchange gain or loss attributable to a legacy currency denominated item described in section 988(c)(1)(B)(ii) as if the item were terminated on the day prior to the day the euro is substituted for the Country X currency.

(e) *Effective date.* This section applies to tax years ending after July 29, 1998.

§1.985–8T [Removed]

Par.5. Section 1.985–8T is removed.

Par.6. Section 1.1001–5 is added to read as follows:

§1.1001–5 *European Monetary Union (conversion to the euro).*

(a) *Conversion of currencies.* For purposes of §1.1001–1(a), the conversion to the euro of legacy currencies (as defined in §1.985–8(a)(1)) is not the exchange of property for other property differing materially in kind or extent.

(b) *Effect of currency conversion on other rights and obligations.* For purposes of §1.1001–1(a), if, solely as the result of the conversion of legacy currencies to the euro, rights or obligations denominated in a legacy currency become rights or obligations denominated in the euro, that event is not the exchange of property for other property differing materially in kind or extent. Thus, for example, when a debt instrument that requires payments of amounts denominated in a legacy currency becomes a debt instrument requiring payments of euros, that alteration is not a modification within the meaning of §1.1001–3(c).

(c) *Effective date.* This section applies to tax years ending after July 29, 1998.

§1.1001–5T [Removed]

Par. 7. Section 1.1001–5T is removed.

SUPPLEMENTARY INFORMATION:

Background

This document contains amendments to the Regulations on Procedure and Administration (26 CFR part 301) under section 7502 relating to timely mailing treated as timely filing and paying. A notice of proposed rulemaking (REG-115433-98, 1999-1 C.B. 651) was published in the **Federal Register** (64 F.R. 2606) on January 15, 1999. Temporary regulations (T.D. 8807, 1999-1 C.B. 630) relating to electronic postmarks for electronically filed income tax returns were published in the **Federal Register** for the same day (64 F.R. 2568). No public hearing was requested or held. No comments were received from the public in response to the notice of proposed rulemaking. The proposed regulations under section 7502 are adopted as revised by this Treasury decision and the corresponding temporary regulations are removed. The revisions are discussed below.

Explanation of Revisions

In the notice of proposed rulemaking, the IRS and the Treasury Department requested comments regarding whether section 7502 should apply to claims for credit or refund made on late filed original income tax returns. No comments were received on this issue. However, the IRS and the Treasury Department have determined that, in certain situations, a claim for credit or refund made on a late filed original income tax return should be treated under section 7502 as timely filed on the postmark date for purposes of section 6511(b)(2)(A). This is consistent with the

opinion of the United States Court of Appeals for the Second Circuit in *Weisbart v. United States Department of Treasury and Internal Revenue Service*, 222 F.3d 93 (2d Cir. 2000), *rev'g* 99-1 USTC (CCH) ¶ 50,549 (E.D.N.Y. 1999), AOD-CC-2000-09 (Nov. 13, 2000).

The IRS and the Treasury Department have further determined that claims for credit or refund made on late filed original tax returns other than income tax returns should also be treated under section 7502 as timely filed on the postmark date for purposes of section 6511(b)(2)(A). This would include returns such as Form 720, *Quarterly Federal Excise Tax Return*, and Form 706, *U.S. Estate Tax Return*. Moreover, the IRS and the Treasury Department have determined that the late filed original tax return, as well as the claim for credit or refund, should also be treated as filed on the postmark date. These changes, which are reflected in §301.7502-1(f), will assist taxpayers in filing timely claims for credit or refund, and will be applied retroactively to certain previously disallowed claims for credit or refund.

These changes are effective for any claim for credit or refund on a late filed tax return described in §301.7502-1(f)(1) except for those claims for credit or refund which (without regard to paragraph (f) of this section) were barred by the operation of section 6532(a) or any other law or rule of law (including *res judicata*) as of January 11, 2001. See §301.7502-1(g)(2), which provides the effective date rules for §301.7502-1(f).

Consistent with the effective date rules for §301.7502-1(f), the IRS will attempt to identify as many claims as possible that were filed on untimely original individual income tax returns and that were previously disallowed based on the Government's position in *Weisbart*. In
